

Guideline Points for Usage of Stones/Lava Rock in Landscaping

Updated June 25, 2024

1. Requires submission to the AMC committee for consideration of approval.
2. Request will need to indicate type of stone, size, color, border edging to keep a separation between stone/grass, location to be landscaped with stones/lava rocks and a sample of the stone to be installed.
3. If a contractor is to be utilized to install the stone/lava rock, the request for approval must include a copy of the contractor's license.
4. Stone/Lava Rock size 1" - 3" in diameter. No pea stone/gravel is allowed (<1" diameter).
5. Stone/Lava Rock color palette: eggshell, beige, brown, muted red, gray and black.
6. The homeowner has the option to submit a request for approval consideration on a different size or color outside of the approved size/color palette.
7. Xeroscaping is not permitted.
